STAT

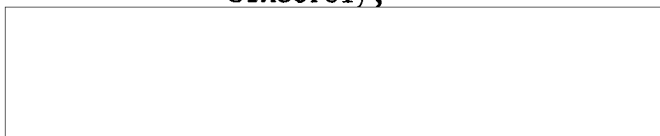

On the occasion of your rotation from FBIS, I would like to express appreciation for the contribution you have made to our office. During your tenure here, you had to contend with some rather extraordinary requirements: the move of our entire office from Rosslyn to Reston, automation of our Headquarters, and a complete turnover in our Logistics staff that made you our institutional memory shortly after your arrival. You were a hardworking constant through it all and your effort undoubtedly played a key role in our surviving it all.

I thank you and wish you the best of luck in your new position.

Sincerely,

STAT
